1. What's MyCHESS?

MyCHESS is a professional, simple, convenient and practical digital management system developed by Queensland Chess School based on the school's actual teaching and operating model.

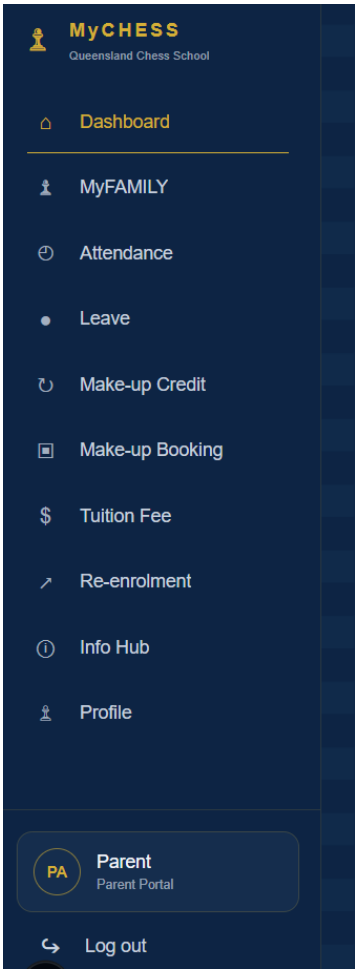

LEARN. GROW. SUCCEED.

Our aim is to make it easier for families to find information, keep track of lessons, submit Leave, manage make-up lessons and complete re-enrolment when it opens.

For parents and carers

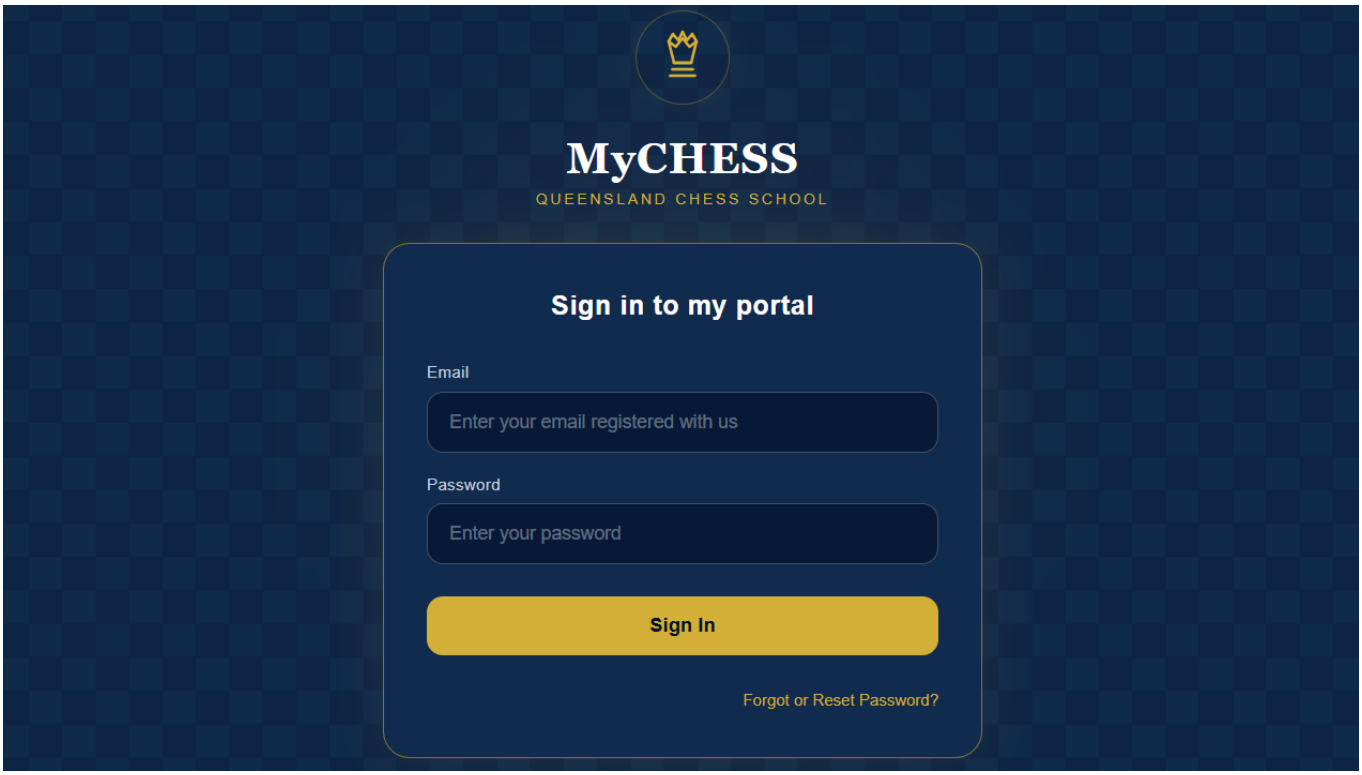

You do not need to learn every page. Start with the task you need today, follow the steps in this guide, and contact Queensland Chess School if something does not look right.

2. What MyCHESS Can Do

Page	What you can do
Dashboard	See upcoming lessons and important reminders
Family	View the children connected to your family account.

- Enter the parent email address used for your enrolment as your username.
- Enter the initial password provided in your enrolment confirmation email.
- If you cannot sign in, use the Forgot or Reset password option on the login page or contact the school for help.

Use your own parent account. Do not share your password with other families.

4. Everyday Tasks — How to Use MyCHESS

4.1 Check Your Child's Information

- Open Family page.
- Find your child and check the details shown.
- If a name, class or other important detail looks incorrect, contact Queensland Chess School.

4.2 View Attendance History

- Open Attendance.
- Find your child's name and look through the past lessons.
- Check the lesson date, time, venue, class level and attendance label.

Label	Meaning
Present	Your child attended the lesson.
Absent	The record shows your child did not attend.
Late	Your child arrived late.
Leave	A Leave request has been recorded for the lesson.
Holiday	Special arrangement is discussed before the term starts

Please note

Attendance history is for checking past records. If something looks wrong, contact the school so the record can be reviewed.

4.3 Submit Leave — Important Deadline

- Open Leave.
- Choose your child and the lesson you need to report an absence for.
- Follow the on-screen steps and submit the request.
- Check that the request appears as submitted.

Submit before the lesson starts

Leave cannot be submitted after the lesson has started. Submit it as soon as you know your child will be away. A normal Leave submission does not require separate approval.

Leave requests are effective immediately and do not require approval. Attendance and Make-up processing are handled by the existing MyCHESS Leave / Attendance workflow.

A submitted Leave will be reflected in the attendance record. If your child later can attend that lesson, you can cancel it in the Leave page before the lesson starts, or our coach will mark it as present in the class, so attendance and any related make-up credit can be handled correctly.

4.4 Check Make-up Credits

- Open Make-up Credit.
- Check the available credit shown for your child before booking.
- If you believe the balance is incorrect, contact the school before making a booking.

Credit rules at a glance

One eligible Leave gives one make-up credit. Up to two unused credits can carry over to the next term. Credits are subject to the school's make-up booking rules.

4.5 Book a Make-up Lesson

- Check your child's available make-up credit first.
- Open Make-up Booking.
- Choose from lessons shown as available and eligible for your child.
- Review the lesson details and confirm the booking.
- Keep a note of the booked date and time.

Make-up lessons must follow the class-level eligibility rules. A suitable lesson is normally the same level or one level higher, where offered. Only book a lesson shown as available for your child.

Before you book

Please check the date, time, venue and class level carefully.

Make-up Credit Policy

To support continuous learning, we encourage students to maintain 100% attendance wherever possible. However, we understand that circumstances such as illness and other unavoidable situations can occur.

- **No refund:** lesson fees are non-refundable.
- **One leave = one make-up credit:** a submitted Leave Record generates one Make-up Credit.
- **One credit = one make-up lesson:** available credits can be used to book an eligible make-up lesson.
- We encourage families to use make-up credits during the same Term whenever suitable lessons are available.
- A maximum of **two unused credits** may roll into the following Term and be applied toward tuition.
- Credits cannot accumulate indefinitely. The rollover limit is re-calculated for each Term.

Special Arrangements

Any special arrangement, such as a long planned holiday, should be discussed with Admin in advance so we can maintain it in the system before the next Term starts.

Lessons covered by an approved Special Arrangement are not charged and do not generate Make-up Credits.

4.6 Special Arrangement (SA)

A Special Arrangement (SA) such as a long-planned holiday should be discussed with Admin in advance so we can maintain it in the system before the next Term starts. It is not the same as a normal Leave request.

- An SA can only be arranged during initial enrolment, before the child's first formal lesson.
- School-maintained Special Arrangements are not charged and do not create make-up credits.
- Discuss any required arrangement with the school before the first formal lesson. Do not use Leave as a substitute for an SA.

4.7 Tuition and Re-enrolment

Open Tuition to review the tuition information available for your family. When re-enrolment opens, use the Re-enrolment page and follow the instructions shown there.

- Check the child, class and term details before confirming.
- Review the displayed tuition and payment instructions carefully.
- If a detail is unclear or appears incorrect, contact the school before submitting.

Re-enrolment timing

Re-enrolment opens at **8:00 am on the following day after your child's final lesson of the current term**. Please check MyCHESS for the re-enrolment details.

I cannot see my child or a lesson.

Check that you are signed in to the correct parent account. If the information is still missing, contact Queensland Chess School.
